

K-2 Tracker

Communication and Accuracy	
Communication technology	GSM 2G/3G + Wi-Fi, GPRS
Data exchange protocol	Proprietary, Over the Air update
SIM card	Embedded (chip-SIM) with global roaming
Accuracy	GSM: from about 200m up to 2 km Wi-Fi: from 10m up to 50m
Interfaces and Connectivity	
I/O interface	3 LEDs (red, yellow, green) USB-C Plug
Expansion slot	I2C
Power	
Battery type	Li-ion, 900mAh Tracking operation continues during charging
Typical battery life	10 days to 1 year depending on tracking scheme
Dimensions	
Casing	Non-flammable, white (customizable)
Size (l x w x h)	84mm x 53mm x 8.5 mm
Weight	42g
Certifications and Work Environment	
IP class	IP54
Certifications	CE, FCC, CCC, FSS
Operating Temperatures	-20 °C to 55 °C (-4 to 130 °F)
